Make your
home happy!

"At Doiy, we design absolutely everything from initial impulse to final product. Even a fleeting idea can become a really nice object. The creation of each piece is an amazing adventure."

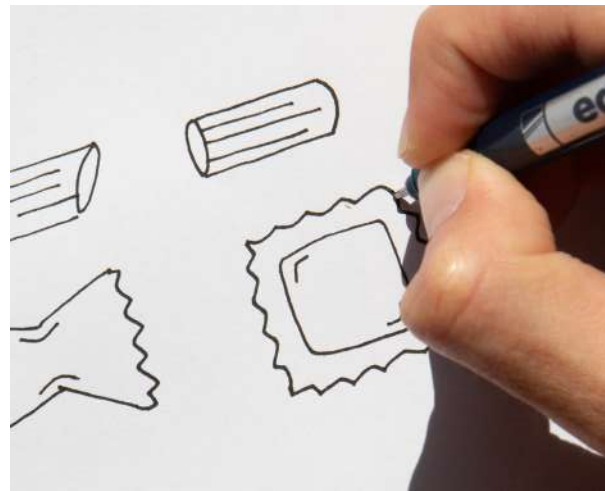

DOIY was founded in 2008 by Elodie and Jaime, a French-Spanish couple. Both are creative entrepreneurs with an unlimited passion for design and objects and a very special vision of the world where they detect beauty in the most unexpected places. 100% of our designs are original pieces created in-house. They are all composed of beautiful and trendy shapes, which not only makes them a great addition to your own home and kitchen, but also a uniquely giftable object.

Our Design Process

Initial spark

It all starts with an idea. We engage in extensive trend research, brainstorming sessions, moodboarding, travel, and more to develop fresh and surprising concepts. Then, suddenly, ideas collide, igniting the spark for a new collection.

Doodling time

Our designers whip out their pencils and let their imaginations run wild, sketching up a storm to bring their ideas to life.

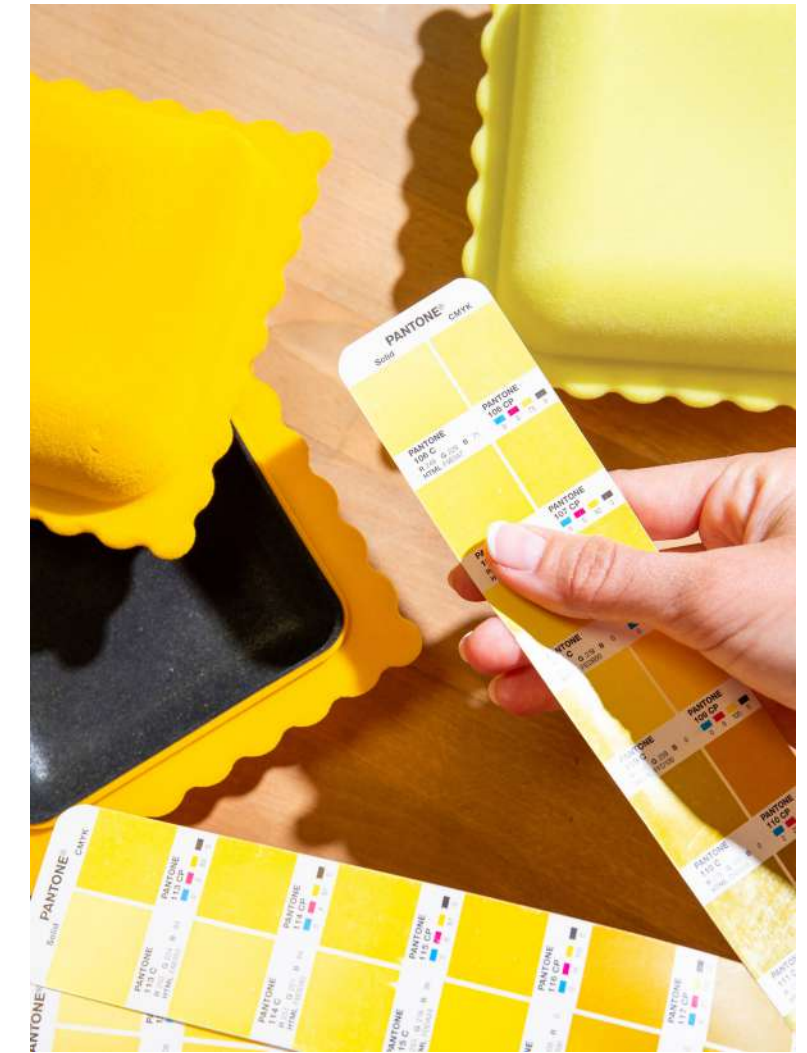

Molding ideas

Our talented crew molds and shapes raw clay into funky prototypes that'll make your jaw drop. It's like arts and crafts day, but way cooler.

Digital alchemy

Time to get techy! We're all about pushing the boundaries, so we use 3D printing to turn digital dreams into real-life treasures. It's like watching magic happen right before your eyes.

Color pop

Ever spent hours trying to decide which filter to use on Instagram? Yeah, that's us, but with colors and finishes. We carefully choose the perfect shades and textures to make our creations pop.

Studio spotlight

Our studio turns into a bustling photo studio as we capture our designs in all their glory. Think of it as a mini fashion shoot, but with furniture and decor.
