Product conformity is of paramount importance. Safety and responsibility for environment begins at the design stage of each product, the specification of materials and components, right through to the production method. We strive to supply you with a safe product and one that conforms to all regulations.

Sedex Registered Supplier Produced by a factory that is a registered member of Sedex, empowering responsible supply chains.

Sedex Member Ethical Trade Audit Produced at a factory audited to Sedex Members Ethical Trade Audit (SMETA) guidelines: Labour Standards, Health & Safety, Environment and Business Practices.

CE Mark Meets health, safety and environmental protection requirements of European directives.

WEEE Waste Electrical & Electronic Equipment Directive reduces the amount of electrical and electronic equipment being produced and encourages reuse and recycling. For the product's after life, please take it to designated collection points, where they will be accepted free of charge. Alternatively, in some countries return items to your local retailer upon the purchase of an equivalent new product.

RoHS Restriction of Hazardous Substances. Minimises the environmental impact of waste electrical and electronic equipment (WEEE) by reducing the quantities of four heavy metals and two brominated flame retardants. Specifies allowed limits of lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE).

This is not a Toy This product has not been classified as a toy, and therefore is not intended for children.

Recyclable Packaging Made from materials that can easily be recycled if disposed of correctly.

Plastic Recycling Type-3 Please be responsible and recycle any unwanted plastic product or packaging. PVC is a Type-3 plastic. Your local recycling centre will have the capability to recycle this.

This product has been tested and conforms to the requirements of the following standards.
