1 January 2021

Product conformity is of paramount importance. Safety and responsibility for environment begins at the design stage of each product, the specification of materials and components, right through to the production method. We strive to supply you with a safe product and one that conforms to all regulations.

RoHS Restriction of Hazardous Substances Directive 2011/65/EU (as amended by 2015/863).

Minimises the environmental impact of waste electrical and electronic equipment (WEEE) by reducing the quantities of four heavy metals and two brominated flame retardants. Specifies allowed limits of lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE).

This is not a Toy This product is not intended for children, and has not been classified as a toy.

Recyclable Packaging Made from materials that can easily be recycled if disposed of correctly.

Plastic Recycling Type-1 Please be responsible and recycle any unwanted plastic product or packaging. PET and PETE are Type-1 plastics. Other products that use this type of plastic include soft drink bottles and plastic jam jars. Your local recycling centre will have the capability to recycle this type of plastic.

Plastic Recycling Type-7 Please be responsible and recycle any unwanted plastic product or packaging. Other plastics such as PC and ABS are Type-7 plastics, common products that use this type of plastic include CD's and lenses for sunglasses. Your local recycling centre will have the capability to recycle this type of plastic.
