Product conformity is of paramount importance. Safety and responsibility for environment begins at the design stage of each product, the specification of materials and components, right through to the production method. We strive to supply you with a safe product and one that conforms to all regulations.

WEEE Waste Electrical & Electronic Equipment Directive 2012/19/EU reduces the amount of electrical and electronic equipment being produced and encourages reuse and recycling. For the product's after life, please take it to designated collection points, where they will be accepted free of charge. Alternatively, in some countries return items to your local retailer upon the purchase of an equivalent new product.

This is not a Toy This product is not intended for children, and has not been classified as a toy.

Recyclable Packaging Made from materials that can easily be recycled if disposed of correctly.
