

French Baguette

Fresh bread socks by Eat My Socks

- Soft socks in the print of the crusty classic.
- A fresh bread print on the front with sweet gingham on the back.
 - 1 Pair of over the calf socks.

We all wish we could be in a bakery in Paris eating a baguette looking at the Eiffel tower... but we can't, so instead we present to you the French Baguette socks! They are not like Paris but they'll keep your feet warm and stylish.
