

Pickle Devil

Skull head pickle fork with horns.

- Good for desert, cakes & pickles.
- Three pronged fork with devil horns.
- Easily grab the last pickle in the jar.
- Polished high-grade stainless steel.
- Dishwasher safe and food grade.
 - For bad-ass pickle eaters.
- Plastic free product and packaging.

If you ever tried to pick a pickle with a straight fork, then you know what slippery customers they can be. You need grip to grapple gherkins from the jar. The Pickle Devil fork has two barbed horns that really grab hold and don't let go. Spice up your day - Eat more pickles.

Designed for snagging slippery gherkins from the pickle jar. But equally capable at tackling naughty deserts and stabbing at devilish cakes. Long reaching round handle and small head are perfectly suited to the job in hand. 19cm (7.5") long. Grab your pikles with style. Sold individually, and perfectly paired with skull spoons.

Pickle Devil

An idea by Angus McArthur
made by Suck UK

Angus spent the best part of 20 years selling great products out of his wonderful store, Snowhome, in York. So he's had some time to ponder what it is that makes a great gift!
