

Smiley Bottle Opener

Made from pool balls.

- Custom no1 bright yellow Pool Ball.
- Collaboration with the Smiley Company.
- Stainless steel bottle opener insert.

Another collaboration between Smiley & SuckUK. We have taken a custom made yellow pool ball, machined it to shape and added a polished stainless steel opener insert. If nothing puts a smile on your face like a freshly opened beer, this is the barware for you. Crack a smile and crack one open.

Smiley Bottle Opener

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
