

Book Rest

House shaped bedside reading light.

Whilst you're all tucked up in bed reading your favourite fairy-tale, horror story, glamour model biography you can read to the glow of this clever and uncomplicated lamp. Made of frosted glass it gives off a soft light, ideal to read to but also doubles as a book rest ensuring you never lose your page. But this is no ordinary run-of-the-mill book stand, sit your favourite book on top of the lamp and look! You've made a house! It's just one of those simple design gems that makes you feel all warm and fuzzy inside. The lamp is LED and does not get hot. A multi-region power supply is included in the box for UK, EU, USA and Australian power outlets (or you can use a suitable 5v USB power supply)
