TRIPLE GUN TABLE VASE

Ceramic flower vase Inspired by peace.

Inspired by the peace protests around the world in the 1960s. Students, hippies, rock stars and grandmother united to protest war and promote world peace. The brave would approach lines of soldiers and place flowers into the barrels of their guns. A non-violent gift for quite revolutionaries. An aggressive object rendered in a fragile white material. Flower Power.

3Guns Vase

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
