THE CLOCK

To show the **TIME** press the **BANNER** button.

- 1: To show the time only with no added message store a blank message in the **BANNER** location (see below for creating messages).
- 2: To show the time displayed with a message store the message in the **BANNER** location (see below).
- 3: To set the time press **LIBRARY, MIRROR, EDIT**. To move between the Hours, Minutes and Seconds press **LEFT** and **RIGHT**. To change the digits press up. To save the new time press **PLAY**.

CREATING MESSAGE

The LED CLOCK can be preprogrammed with your own user-defined messages. These can be played by pressing the desired memory keys.

CREATE YOUR OWN MESSAGES

- 1: Press **EDIT** (the last programmed message will be displayed).
- 2: Use the alphanumeric keys to input text. Each key contains more than one character, repeatedly press to find the required character.
- 3: Use the **SPACE** key to insert a space in your message.
- 4: Use the **SHIFT** key to change between UPPERCASE and lowercase.
- 5: To remove individual letters press **ERASE**, to remove all the text press **DOWN**.
- 6: You can insert any library words or phrases into your message by pressing **LIBRARY** followed by the 2 digit code (**00** to **99**). Library words count for only one character and can be used to create extended messages (maximum message length is 80 characters with a total memory of up to 470 characters).

TO SAVE A MESSAGE

- 7: Press **PLAY** twice to check your message. If you wish to make further changes press **EDIT**. To save the message press **STORE** followed by **M0** to **M9**. You can also store a message to be displayed intermittently with the CLOCK by pressing **STORE** followed by **BANNER**. You can store up to 10 messages and one additional Banner Message.

PLAYING MESSAGES

- 1: To play a stored message press a memory key **M0** to **M9** or **BANNER**
- 2: To play a Library word or phrase press **LIBRARY** followed by the 2 digit code (**00** to **99**).
- 3: To play the current message on a loop press **ONLY**
- 4: To play the message backwards press **MIRROR**

PLAYING MULTIPLE MESSAGES

- 1: Pressing **PLAY** twice plays the 16 most recently used messages in a loop. To clear the "most recent" memory press **SETUP** followed by **ERASE**. To create a new sequence simply play messages in the desired order, then press **PLAY** twice to repeat the loop. To stop press **CANCEL**. To save the sequence press **SETUP** followed by **STORE**.
