An idea by Rosie Upright
made by Suck UK

Rosie was born and raised in Sunderland but fled for the bright lights of London to study graphic design in 2006, having developed a strong interest of the subject after visiting a Peter Saville exhibition whilst at college. An obsession with all things print and ephemera followed – shunning the digital world for the hand rendered, which is still apparent today in her watercolour pet portraits and bespoke illustration business. When not working as a designer at Suck UK HQ, she can usually be found organising her stationery cupboard with her cat Biggie Smalls at home in East London.
