

Robot Nut Cracker

Retro Wooden Robots Crack Tough Nuts

- Made from solid beech wood and finished in vibrant paint
- Place any nut in it's centre and twist the key to crack the shell
 - Retro, robot shaped nutcracker
- Measures 140mm(W) x 220mm(H) x 50mm(D)

Vintage looking wind-up robots whose specialist task is to crack open nuts. Place any nut in the robot's belly and twist the key to crack open the shell. Robot Nut Crackers are easy to use and will break into any nut. Your new best friend is made from solid beech wood and finished with a gleaming retro paint-job...
