

Touch Point Stylus

Turn anything into a stylus.

- Hand shaped pencil topper stylus
- For touch screen phones or devices
- Can be attached to the end of anything
- Turn anything into a iPhone stylus.

A compact stylus you can take anywhere. Designed to fit on the end of anything, from pencils to wooden spoons, and turn them into a stylus for your iPhone, iPad or other device. The cartoon gloved hand is the ideal size for popping in your back pocket or chucking in your handbag whilst not in use. Very Handy!

Touch Point Stylus

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
