

Skull Soy Dish

Dangerously cool sauce serving dish.

Maru Kozara are small round ceramic plates for serving soy-sauce. Typically used in Japan to accompany sushi and typically pretty risk free. Be a rebel this dinnertime, bring danger and excitement to your sushi and serve your soy-sauce in a skull. Supplied with chopsticks to form the Jolly Roger's crossed bones. The skull details only become apparent when you pour in the sauce. A badass gift for sushi eaters and hellraisers.
