

G-Clamp Bottle Opener

Temporarily attach anywhere.

- A traditional g-clamp with an added feature
- Clamp to a table, shelf or worktop and open bottles with ease
 - Keep in the kitchen or outside for parties
- Made from cast iron - strong and hard-wearing

Traditional cast iron G-Clamp with an added feature... a bottle opener. If your latest DIY project is thirsty work, crack open a cold drink after a hard day in the workshop. If you don't have a workshop, or even enjoy DIY, temporarily clamp to a garden table or bench at your next BBQ, or to your kitchen counter, or shelf, or wherever you need to open bottles fast.

Useful and utilitarian in the best possible way. A tool with added function for thirsty handymen and handywomen.

G-Clamp Bottle Opener

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
