

Magnetic Bottle Opener

STEEL BOTTLE OPENER FRIDGE MAGNET

Sticks to your fridge and open bottles.

- You will love the convenience of opening bottles on the front of your fridge.
- Super-strong magnet allows for super-easy one handed operation.
- Durable polished stainless steel with rubber magnetic backing.

So incredibly convenient, you won't know how you lived so long without being able to open bottles on the front of your fridge. Super strong magnet sticks the opener firmly to the front of your fridge where you can use it with one hand. Put an end to that all too common kitchen phrase "Where is the bottle opener?". A Classic.

Designed and made by Suck UK

127 x 203 x 25mm | 0.3Kg

Magnetic Bottle Opener

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
