

Magic Polka Dot Umbrella

Raindrops expose a playful pattern.

- A classic plain black umbrella with hidden polka dot print.
- Glossy black polka dots appear once the umbrella is wet.
 - Pattern is completely invisible when dry.
- Carbon fibre struts to defy the windiest weather.
- Lightweight, portable, super-tough and durable.
- Telescopic, with matching slip-on carry case.

A classic plain-black broolly, with a playful hidden secret. As it rains, this otherwise unremarkable black umbrella, is transformed into a festival of polka-dot fun... like magic. The polka dot print is created with a “secret” ink that is only revealed when wet. Completely invisible when dry, when the heavens open polka dots appear, and the more it rains the more apparent the pattern becomes. Glossy black polka dots on matt black umbrella. Bring joy to a gloomy day - Let it rain. A secretly cheerful gift for sensible bankers. An umbrella so classy you'll wish it rained every day.

Magic Polka Dot Umbrella

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
