

White String Light

Rechargeable string of lights for any bottle.

- Cork shaped LED string light for bottles.
- Fits almost every shape and style of bottle.
- Recharges via USB in 1 hour, runs for 4 hours.
 - Also available in multicolour.

Create a glowing light arrangement out of any of your empty bottles. The 95cm (37.5") string of lights will fill up your bottle with the ideal glow. Simply charge the cork shaped bottle light, wind in the wire, twist on, and let the 10 warming LEDs enhance any mood or party.
