

Copper Plant House

Concrete and copper home for cacti and succulents.

- A concrete and copper pot to house your cacti and succulents
 - Concrete base with attached copper metal frame
 - Just add plants
 - Measures 140mm(W) x 215mm(H) x 140mm(D)

An industrial design addition to your home or office interior. The solid concrete base with rubber feet keeps your plants secure as well as your surface protected. Neatly housed in a copper wire framework.
