Rosie was born and raised in Sunderland but fled for the bright lights of London to study graphic design in 2006, having developed a strong interest of the subject after visiting a Peter Saville exhibition whilst at college. An obsession with all things print and ephemera followed – shunning the digital world for the hand rendered, which is still apparent today in her watercolour pet portraits and bespoke illustration business. When not working as a designer at Suck UK HQ, she can usually be found organising her stationery cupboard with her cat Biggie Smalls at home in East London.
