

Cat Scratch Skateboard

Cool carboard cat scratcher.

- Stop your cat scratching up your best furniture.
- Keeps claws trim, maintained, strong & healthy.
- Won't teach your cat to do a 360 Varial Kickflip.
- Made of cardboard. Not a real working skateboard.
- Supplied assembled, ready to ride, no folding required.

A cardboard skateboard for cats! YEAH! You love your cat, but you hate him tearing up the furniture, give tiddles something more radical to get his claws into. Satisfy your cat's natural desire to scratch stuff whilst satisfying your natural desire to laugh at a cat on a skateboard.
