

Enamel Coffee Dripper

Single cup pour-over filter coffee maker.

- Make great quality pour-over coffee in less than a minute.
- Tough & robust for travelling, camping or professional use.
- Timeless design in virtually indestructible enamelled steel.
 - Use standard size 2 or size 4 filter papers.
- Designed to sit on top of mugs, cups and glasses.
- Quick and easy to clean - just rinse under the tap.
 - Food grade and dishwasher safe.
 - Plastic free product and packaging.

Designed for manual, pour-over style of brewing, this simple device brews extraordinary coffee right into your cup. This coffee dripper is not limited to the kitchen, made from enamelled metal it's practically indestructible. Take it to your next festival or camping trip. Ideal for baristas and coffee shops where ceramic and glass drippers break all too easily. Foolproof and easy to use, makes great coffee fast and cleans up quick (just rinse).

Enamel Coffee Dripper

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
