

Compact Colour Change Umbrella

Changes colour when it rains.

- Super compact version of our most popular umbrella.
 - Black umbrella with colour changing ink.
 - Patterns turn multi-coloured when wet.
 - High-specification quality mechanisms
 - Carbon fibre struts defy windiest days.
 - Lightweight, super-tough and durable.
 - Soft grip handle & slip over sleeve
 - Brighten Up Bad Weather.

Just when you thought the venn diagram of ultra portable and attractive design would never coincide... we bring you the extreme compact version of our most popular Umbrella. It still changes colour when it rains but now when it's not raining it fits in your pocket. Simple white raindrop pattern transforms into a rainbow burst of colour when the umbrella gets wet. Printed with special ink, that comes to life when in contact with water. 17cm / 7 inches long when folded & 87cm / 34 inches in diameter when open.
