

## Emergency Money Box

### EMERGENCY MONEY BOX

**Break glass to get at emergency cash.**

Instantly recognisable from public buildings and offices, the ubiquitous "In case of emergency" box transformed into a piggy bank. How committed to saving are you? Will you really drop another coin in the slot if you know that you have to break the glass to get it out? Then - in a real emergency - you'll have the cash to hand. And won't that feel great?
