

## Pour Me Another

### 100 card drinking game by Lets Drink to That

- x100 cards split into 4 categories
- Perfect for ladies night, hen dos, birthdays & more
- Instructions included

We like to think of this game as the more mature, older and wiser big sister to 'Girls Night'.

It's ladies night! This one is for the wine drinkers and the overdue prosecco catch ups. Guaranteed to cause some tipsiness and belly laughter. No matter what your excuse is for the drink in hand, this game is the perfect addition for any spirit or wine filled evening. Grab your glasses and let the good times flow, because it's 5 o'clock somewhere right?
