

Cat Punch Bag

Cardboard arcade strength test.

- Cardboard boxing machine for cats.
- Add catnip to encourage addictive behavior.

Test the muscles on your cat. Tough or not, it's time to decide. Cats are going loopy for this classic sideshow attraction, throwing punches and flexing their "paw-er". If cats had pockets, they'd be fumbling around for another coin to feed this addictive pastime. Meanwhile, pet owners like you are racking up views, likes, and laughs by filming their feline fighters stepping up to the plate. With a small investment and one feisty kitty, you could be the next viral champ!

Cat Punch Bag

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
