

Kitchen Apron Guide

APRON GUIDES - FRENCH

Kitchen tips and very helpful conversions.

- Full length cotton chef apron.
- Cook's tips & tricks printed upside-down.

Useful cooking guides, kitchen tricks and other handy stuff, printed onto an apron, upside-down so they can be read by the chef. Faster than frantically thumbing through cook books while your goulash explodes. Cleaner than coating your keyboard in bolognese while Google loads. We've moved the help to the place you're supposed to wipe your dirty hands!

John is a Designer based in Bristol, England. After graduating with a degree in product and furniture design he worked for several years as a Designer and Maker on projects ranging from TV and film sets to public artworks and exhibitions. He now spends his days designing retail spaces for leading clothing, sports and lifestyle brands. When not designing he loves riding his bike, getting out into nature with his wife and kids and producing dodgy electronic music!
