

Reflective Umbrella

Be bright - Be seen at night.

- Made from brightly reflective material.
- Standard 100cm diameter when open.
- Helps you to be seen and get noticed.
 - Grey by day, super bright by night.
- Carbon fibre struts defy wind & weather.
 - Lightweight, portable, tough, durable.
- Telescopic, with matching slip-on case.

Stay dry and get noticed. By day this is a classic dark grey umbrella. By night the super reflective hi-vis material will help you be seen, get noticed and stay safe. And of course keep you dry whatever the weather. Super tough, windproof, telescopic umbrella design, folds down for convenience.

Reflective Umbrella

An idea by Yee-Ling Lau
made by Suck UK

After graduating from Central Saint Martins with a degree in Product Design, Yee-Ling boarded a plane to Hong Kong where she spent 7 happy years designing products for Milk Design and Innermost. Her weekly visits to manufacturers in China filled her head with a deep understanding of the development process - seeing amazing ideas batch made by hand, mass produced by machines and how these specialists solved issues on an industrial scale! Yee-Ling has been sharing her fun ideas with the Suck UK design team since 2011 where she is currently Senior Production & Design Manager.
