

Compact Colour Change Umbrella

Changes colour when it rains.

- Super compact telescopic umbrella.
 - Made with colour changing ink.
 - Turns multi-coloured when wet.
 - High-spec quality mechanisms.
- Carbon fibre struts defy windy days.
- Lightweight, super-tough & durable.
- Soft grip handle & slip over sleeve.
 - Brighten Up Bad Weather.

Simple white pattern transforms into a rainbow of colour when the umbrella gets wet. Printed with special ink, that comes to life when in contact with water. This is the extreme compact version of our most popular Umbrella. It still changes colour when it rains but now when it's not raining it fits in a smaller pocket.

 17cm / 7 inches long when folded & 87cm / 34 inches in diameter when open.

Designed and made by Suck UK

170 x 50 x 50mm | 0.2Kg

Compact Colour Change Umbrella

An idea by Suck UK Design Team
made by Suck UK

Mark E Smith once said "if it's me and your granny on bongos, it's the Fall". It's a lot like that here - if it's Sam & Jude and a revolving team of talented creatives, it's Suck UK. From the inception of the company in 1999 Sam & Jude have been the constant driving creative force, but none of that would be possible without a great team of designers and developers who turn these ideas into something great. Once a Sucker always a Sucker.
