

Europe Scratch Map

Scratch off poster of Europe.

- Track your travels across Europe
- Details revealed when you remove the foil
- Beautifully packaged in a sturdy card tube
 - Made in the UK

So we've done a Scratch Map® poster for the whole world, we've done one for the U.S.A and then a UK and Ireland version popped up. Now, after many requests, we have made you the Scratch Map® Europe! The idea behind the Scratch Map® map range is that whenever you've been somewhere (in this case any European country) you can remove the foil to reveal the finer details of the place you visited. It's a fabulous way to teach yourself a bit of geography and heaps of fun keeping track of your travels. Just don't blame us if you find yourself trying to book 3 flights in one weekend just so you can take the foil off more countries as quickly as possible. Even the most un-competitive of people will be bitten by the travel bug when they see this Scratch Map poster covered in foil!
