PAIR OF DRUM STICK PENCILS

Wooden pencils that are also mini drumsticks.

- Pair of pencils shaped like drumsticks.
- Made from responsibly sourced wood.
- Quiet alternative to a full-size drum kit.
 - Play while you work.

Some ideas arrive quietly. Others arrive in the middle of a drum break. Whether you're composing a rock-balled or just avoiding maths homework, drumstick pencils are always ready for an impromptu drum solo on the rim of your mug. Tap your way through the day with a pair of drumsticks that occasionally double as pencils. An ideal gift for fidgety creative thinkers.
